EDUCATION

Kaziranga University, Jorhat, Assam   **July 2022**
Bachelor of Technology in Computer Science and Engineering

- CGPA: 7.17

INTERNSHIPS

HealTether | *Web Development Intern*   **Feb 2025 – Mar 2025**
- Contributed to web development projects, enhancing front-end and back-end functionalities.
- Demonstrated strong adaptability and collaboration within the development team.
- Completion Letter: View Certificate

EXPERIENCE

TuteDude | *Assistant Mentor*   **June 2024 – January 2025**
- Graded MERN assignments, providing constructive feedback and solving small doubts.
- Assisted students in understanding MERN stack concepts, leading to improved assignment quality.

COURSEWORK

- Java Fullstack Development | Acciojobs: Certificate Link
- MERN Stack | TuteDude: Certificate Link

PROJECTS

E-commerce Platform | *Repo Link* | Video Demo   **2023**
- Developed a fully-functional e-commerce platform using Spring Boot.
- Implemented product management, user authentication, and payment integration features, ensuring a seamless user experience.
- **Tech stack:** Spring Boot, MySQL, React

Chess-Game | *Repo Link* | Deployed Link   **2024**
- Built a chess game using React.js, creating all game logic from scratch to enhance learning and functionality.
- Implemented features such as move validation, check and checkmate detection, and player timers, increasing gameplay accuracy.
- **Tech stack:** React.js, Tailwind CSS

Blog-Website | *Repo Link* | Deployed Link | Video Demo   **2024**
- Created a blog website using MERN stack technologies.
- Added user authentication, post creation, post editing, and post deletion features.
- **Tech stack:** React, Node.js, Express, MongoDB, Tailwind CSS

LEADERSHIP EXPERIENCE

Quizz‑Whizz Application | *Repo Link* | Deployed Link | Video Demo   **2023**
- Led a team to develop an interactive quiz application during a hackathon organized by TuteDude.
- Implemented real‑time quiz features, leaderboard, and user authentication, enhancing user engagement and competition.

ACHIEVEMENTS

Certificate of Excellence | View Certificate
- Ranked 53rd in Challenge 19 of the Weekly Coding Challenge organized by Unstop.

Code Master Solo Challenge | View Certificate
- Developed a To‑Do List app using Next.js in a coding challenge organized by Excel‑erate.

SKILLS & TECHNOLOGIES

- Programming Languages: Java, JavaScript, Python, SQL
- Libraries/Frameworks: Spring Boot, React, Express, Node JS, Tailwind CSS, Next JS
- Tools/Platforms: VS Code, MongoDB Atlas, Postman
- Databases: MySQL, MongoDB
